A NATIONWIDE SAMPLING OF LAW FIRM **BILLING RATES**

The National Law Journal asked the respondents to its 2007 survey of the nation's 250 largest law firms to provide a range of hourly **billing rates** for partners and associates. The firms that supplied this information -- including some firms that are not in the NLJ 250 -- are listed below in alphabetical order. We also asked firms to provide average and median **billing rates**, and several complied. The number after a firm's name indicates the total number of **attorneys** at the firm. The city listed below the name of a firm is the location of its principal or largest office.
